# TIMELINE OF WORK EXECUTION BY OUR CONSULTANCY

Welcome to our Forest Clearance Consultancy, where we specialize in providing top-tier consulting services tailored to meet your specific project requirements. From initial surveying to the final commencement of projects and schemes, we are dedicated to ensuring seamless navigation through the complexities of forest clearance processes.

## Initial Survey & Consultation with User Agency:

Conduct preliminary surveys to assess the ecological significance and biodiversity of the area.

01

## GIS Analysis:

Utilize Arc GIS and Quantum GIS tools to extract village survey numbers from the available data sources.

02

## Data Validation & Spatial Integration:

Verification of accuracy and consistency of the extracted survey numbers through cross-referencing with official records. Integrate the extracted village survey no's into the broader GIS database for seamless analysis and visualization.

03

## Perfect Documentation:

Documentation of all necessary annexures, maps, kml etc including the process of village survey number extraction, methodology, sources, and validation procedures, for transparency and accountability.
